### REASON FOR ALLOWANCE

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest a tuner apparatus comprising the combination of a mixer circuit for upwardly frequency-converting terrestrial TV broadcast signals or CATV broadcast signals into signals that fall within the bandwidth of intermediate-frequency signals of satellite TV broadcasting signals, a quadrature detector circuit, an oscillator, wherein the tuner receives satellite, terrestrial TV or CATV signals, wherein the mixer frequency-converts only TV broadcast signals or CATV broadcast signals and does not frequency-convert satellite TV broadcasting signals as recited in the claims.

Armbruster cited in a previous office action disclosed a tuner apparatus includes a mixer circuit and a quadrature detector circuit to frequency convert all satellite, terrestrial TV or CATV signals. However, Armbruster fails to teach the mixer frequency-converts only TV broadcast signals or CATV broadcast signals and does not frequency-convert satellite TV broadcasting signals.

Therefore, claims 1-8 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
